SOME PEOPLE TALK ABOUT A SECOND AMERICAN REVOLUTION
When they know very little about the first. The book "Nature's God" by Matthew Stewart talks about the heretical origins of the American Republic, & it is unconventional, unorthodox & radical. It is a difficult book to read, & most people won't be able to handle it. It took me over a month to read it the first time because I had to look up words I didn't understand & do research on people I wasn't familiar with. The author is highly educated with degrees from two universities, Princeton & Oxford. See comments on Amazon & challenge me to a debate, maxtug@earthlink.net. Paid Advertisement

ACTION ITEMS

#1 – First Reading: Franchise Ordinance 26-001 Forged Fiber 37 LLC

An administrative report on this topic was presented to Council on Jan. 6, 2026. AT&T Inc. is in the process of acquiring some fiber assets from Lumen Technologies, Inc.; their transaction is scheduled to be finalized in the next few months. Some of these telecommunication assets and facilities are located within the city's rights-of-way. Forged Fiber 37, LLC, a subsidiary of AT&T, will receive some of the assets acquired from Lumen. There may be an expansion of the Forged Fiber network within Spokane Valley in the coming years. If approved, the franchise will be in effect for ten years, which is consistent with the city's other telecommunication franchises.

A motion to advance Franchise Ordinance 26-001, granting a ten-year telecommunications franchise to Forged Fiber 37 LLC, to a second reading passed unanimously.

#2 – AWC Center for Quality Communities 2026 Year Award

The Association of Washington Cities (AWC) is accepting one nominee from each participating city for a scholarship to high school seniors throughout Washington. The chosen applicant's application will be submitted to the AWC Center for Quality Communities Scholarship Committee for final review and selection. Staff reported on the public notification process and noted that one qualified application was received by the application deadline.

A motion to confirm the nomination of Ms. Chloe Nelson for the AWC Center for Quality Communities Scholarship passed unanimously.

#3 – Potential Grant Opportunity: BUILD FY26

An administrative report on this topic was presented to Council on Jan. 13, 2026. BUILD (Better Utilizing Investments to Leverage Development) is a program for the U.S. Department of Transportation for various transportation and stormwater projects. Critical program details such as match amount required, award range, application/award date and obligation date were discussed at the last meeting. Submitting an application for the Sullivan/Trent Interchange is recommended for this call for projects. This project's engineering and right-of-way phases are fully funded, and construction is planned for 2027-2029, pending funding. The city's request for the BUILD FY26 grant will be $24,959,696.

A motion to authorize the City Manager, or designee, to apply for the BUILD Fiscal Year 2026 grant for the Sullivan/Trent Interchange project in the amount of $24,959,696 passed with 5 votes in favor and 1 vote against.

#4 – Potential Grant Opportunity: Washington State Freight Mobility Strategic Investment Board (FMSIB)

An administrative report on this topic was presented to Council on Jan. 13, 2026. FMSIB issued a call for projects and applications are due March 6, 2026. Projects must be located on or connected to designated strategic freight corridor to be eligible for funding. There is no local match required. The following projects and funding amounts are suggested:

- Sullivan/Trent Interchange: $8 million
- Barker/I-90 Interchange: $2 million for engineering, $1 million for right-of-way and $7 million for construction
- Argonne/I-90 Interchange: $10 million

A motion to authorize the City Manager, or designee, to apply to the FMSIB call for projects as identified in Table 1 passed with 5 votes in favor and 1 vote against.

#5 – Potential Grant Opportunity: National Highway Freight Program (NHFP)

An administrative report on this topic was presented to Council on Jan. 13, 2026. In late 2025, the Washington State Department of Transportation issued a request for regional priority freight projects for potential funding through the NHFP. This program requires a 13.5% local match. Staff recommend formal applications for the following projects:

- Sullivan/Trent Interchange: $3 million
- Barker/I-90 Interchange: $2 million

A motion to authorize the City Manager, or designee, to apply to the NHFP for the Sullivan/Trent Interchange and the Barker/I-90 Interchange project passed with 5 votes in favor and 1 vote against.

#6 – Interlocal Agreement (ILA) for Commute Trip Reduction (CTR)

An administrative report on this topic was presented to Council on Jan. 13, 2026. Per the Washington State law, employers with 100 or more full-time employees are required to implement a CTR program. The proposed ILA between Spokane County and Spokane Valley allows the CTR program to retain the city's state-issued CTR funds in return for developing, implementing, and administering the CTR ordinance and plan for all affected employers within the City of Spokane Valley. There are 17 employers within the city with over 100 full-time employees.

A motion to authorize the execution of the 2025-2027 Interlocal Agreement for Spokane County Commute Trip Reduction Services passed unanimously.

NON-ACTION ITEMS

#7 – Cryptocurrency Discussion

Staff provided an overview of cryptocurrency, discussed fraud trends, and shared stories of impacted victims of cryptocurrency ATM fraud in Spokane Valley. The Council reached consensus to place this item on a future agenda for an ordinance first reading.

#8 – Safe and Healthy Spokane Regional Task Force Update

In 2024, a regional task force was created by various stakeholders with the purpose of developing a regional vision and action plan in regards to public health, safety and justice in the Spokane region. In October 2025, the Council gave consensus for the city's participation in this group. Deputy City Manager Lamb is part of the Task Force; he provided an update on the most recent meeting, which included discussions on developing a Behavioral Health and Justice Asset Assessment. A copy of the contracted consultant's "Safe and Healthy Spokane Asset Assessment Report" was provided in the Council packet. Key themes identified include overburdened crisis response systems, challenges with court and justice partners reform, inconsistent reentry services, housing scarcity, staffing shortages in behavioral health fields and fragmented/incompatible data systems.

#9 – 2026 Legislative Session

The State legislative session began Jan. 12, 2026, and will adjourn March 12, 2026, unless extended. Staff and the city's state lobbyist are actively monitoring and engaging on several dozen bills that align with the city's 2026 State Legislative Agenda or could have an impact on city priorities and policies. Still, Plaintiff names as defendants all other unknown owners, occupants and unknown claimants, their heirs, successors, devisees, and assigns or any other person or entity claiming any title, right, interest or equity in the real property described herein, pursuant to RCW 4.28.150.

III. FACTS

3.1 The real property (hereinafter "Property") that is the subject of this action is located in Spokane County, Washington, and is legally described as follows:

Tax Parcel ID No. 35324.0421
3.2 One or more Defendants failed to pay property taxes for one or more tax years, resulting in delinquency exceeding three years.

3.15 Defendants have no post-sale right of redemption under **RCW 84.64.070.**
3.16 No Defendant is a minor or legally incompetent person entitled to extended redemption.

OPERATION DOG TAG

OperationDogTag.org

Operation Dog Tag has found a suitable female Shepherd-X for Raphael, and it is a fantastic match. Needless to say, he and his new friend "Gibby" are doing great. Here is what Raphael had to say... "For those of us with PTSD, everyday is a battle, usually a losing one. I knew that I desperately needed help, beyond what the usual clinical treatments provided. So I began looking into service dogs for individuals with Post Traumatic Stress Disorder. After contacting Operation Dog Tag in Spokane, WA, I was accepted into their program. That proved to be exactly what I needed! Even though I have only had my dog Gibby a short while, she has already significantly helped to alleviate many of my symptoms that are associated with PTSD. For the first time in years I can sleep longer than 4 hours a night. I am also far more relaxed because I can trust her to see things long before I ever could. But perhaps even more important, she has become a family companion, and as such, she

gives me a practical reason to get up everyday. So I now have a positive outlook because she needs me to fulfill my duty and obligation to look after her just as she looks after me."

Raphael Lewis / US Army

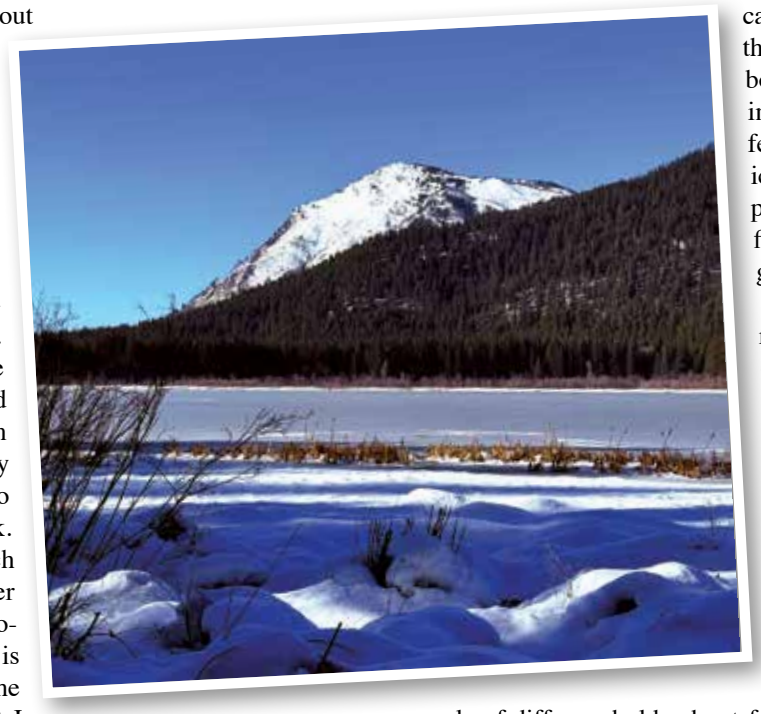
Fishing Magician

Dave Mansfield

Reach Dave @ www.FishingMagician.com or FishBoy@nwi.net "The Outdoor Insider"

Sunbreaks have been less frequent this past week, and fog has shrouded the highways and many of the destinations that anglers visit this time of year. Conditions sure are different. We usually have much more snow here in Leavenworth in January. When I look at the forecast for many places in the region, I see temperatures in the 50s.

We had family visiting from Anaconda, Montana, and they like to fish. Last summer I took them out on Lake Wenatchee for sockeye, and I was hoping to get up to Fish Lake, near Lake Wenatchee, and fish for trout from the dock at the Cove Resort. I wanted to be sure we could do that, so I drove up there to check on conditions. It was a clear and sunny day at the lake, which was a nice change from the foggy weather that we have been covered with in Leavenworth. Unfortunately, I found the cove frozen over. I could see that people had broken off chunks of ice so they could get their baits into the water from the dock. The chunks were an inch or two thick, and the water they had opened up was frozen again. There probably is some open water out on the main lake, and from what I could see, the ice is only two or three inches thick, and I wouldn't advise trying to walk on it. Looking at the forecast for this area there aren't many sub-freezing days. It is going to take a while for the ice to get thick enough for people to get out on Fish Lake and drill holes to catch the perch and other species. I know people are eager to fish here, and last year I found a couple of anglers that had traveled from Moses Lake. They were out here on a thin layer of ice! They were, of course, all by themselves. No one else would have risked fishing on such ice. I hear stories every year of people going through the ice. Always take caution this time of year. A few perch aren't worth the possibility of being plunged into freezing water. This week's photo is of Dirty Face mountain that overlooks Fish Lake and nearby Lake Wenatchee.



I hope I am the only one that was confused about the date of the actual 4th Annual Bonaparte Lake Ice Fishing Derby. When I was searching for information on the event, I found a second derby scheduled for January 31st. This one is supporting Veterans, but the annual event that most people are familiar with is on Saturday, January 24th. I found out about this one on their Facebook page. I noticed that the event on the 24th has cash and prizes that can be won all the way down to sixth place, for both Adults and Kids. There are a couple of different "classes" that people can enter. I see that there is an Adult Multi-Species class and an Adult Biggest Fish class. The folks at Bonaparte Lake Resort do a fantastic job of gathering prizes from a long list of sponsors. The cost to enter for each class is $15. You can register online or at the morning of the event, from 5:30 to 9:30, and fishing officially starts at 7 a.m. The weigh in will happen at 4 p.m. Sorry about me being confused and I would encourage you to attend both events!

I have posted information about a couple of ice fishing derbies that are happening in the higher elevations of our region on my website and Facebook pages. The first one is at Molson, near Oroville, and the other is at Bonaparte Lake, outside of Tonasket. Both of these get solid layers of ice early in the winter, long before other lakes get ice thick enough to allow for safe fishing. Many of you know that Curlew Lake, near Republic, is a very popular ice fishing destination in the winter. It has reputation of producing large perch, and I know people from Wenatchee who make day trips to this distant lake. I checked with the folks at Tiffany's Resort about ice conditions and they reported that there is very little ice on the lake as yet. Only the sheltered bay by the railroad trestle has a thin layer. Tiffany's is closed for the winter and isn't renting cabins, but they do keep the parking area by the boat launch open for parking. There is a ten dollar fee to park here, but many ice fishers are willing to pay the fee as the perch fishing near here is very good and well worth it.

I like to cook and make a variety of dishes from prize-winning chili to jambalaya. My wife's favorite, though, is my fish cakes. I will make these from kokanee, sockeye, Chinook or coho salmon. I will bake whatever fish I am going to use and flake the meat off the bones. I put the fish in a bowl that holds about four quarts. To that I add a mixture of onion and red pepper that I have saluted in butter. I use a whole sweet onion and a whole red pepper, and I also put about four tablespoons of dill in this pan. I think it helps bring out the flavor of the dill. I let this cool before I add it to the fish. While this is cooling, I stir up the flaked fish to make sure I have removed all of the bones. I put about four tablespoons of mayonnaise into the fish and then add the cooled onion, red pepper and dill. I crack one or two eggs and stir them in with all the other ingredients. The last thing I add is Panko for a crispy finish and mix it in until I can form cakes that won't fall apart. I fry them in olive oil and a touch of butter. I always wind up with more than my wife and I can eat in one sitting, so now I have vacuum sealed the leftovers that I can warm up in a fry pan or the oven.

Real Estate Trends & Advice

WHAT DOES THAT MEAN?

Have you ever met with a real estate agent or gone through the entire buying or selling process and heard terms or acronyms that you did not understand? We try to be as clear as possible in our communication throughout the buying and selling process. However, we may use some terms that we use all the time and don't realize it may not be as clear as we think. Here is a list of common real estate terms and acronyms that you might hear:

"MLS" – Multiple Listing Service. Agents who belong to a real estate association have agreed to cooperate and upload all of their listings to this database.

"Contingency" – In a contract to purchase real estate, a contingency is something that must happen for the sale to continue. For example, a home inspection, financing, or well and septic tests.

"Feasibility" – This is a contingency in a contract that allows the prospective buyer to conduct due diligence on the property and verify its usability for the buyer's intended use.

"CC&R" – Covenants, Conditions, and Restrictions are legally binding rules found in planned communities and subdivisions. They govern how homeowners may use and maintain their homes and properties and often coincide with homeowners associations.

"HOA" – Homeowners Association. A private organization that creates and enforces rules (CC&Rs) in a planned community, maintains common areas, and may collect dues and fees from residents for these purposes.

"PMI" – Private Mortgage Insurance is an insurance policy lenders require when a borrower makes a down payment of less than 20%. It protects the lender (not the borrower) against losses and increases the borrower's monthly mortgage payment. With some loan types, PMI can be canceled once home equity reaches 20% of the home's value.

"FHA Loan" – A mortgage insured by the Federal Housing Administration. This government-insured loan protects the lender from losses, allowing loans with lower down payments, lower credit score requirements, and lower closing costs. FHA loans require mortgage insurance.

"Seller Financing" – A property seller can act as the lender, providing a loan directly to the buyer instead of the buyer obtaining a traditional mortgage from a bank. This is typically done using a real estate contract or a note and deed of trust. Seller financing allows the seller to earn interest on the loaned funds and, in some cases, provides fewer barriers and lower costs for the buyer.

If you don't understand something your agent says, ask them what they mean!

CORY SCHRADER: 2025 NORTHPORT MODIFIED CHAMPION | By Chelsea Schrader

Cory Schrader. Cory Schrader photos

NORTHPORT — Cory Schrader, 2025 Modifieds Season Champion #17, has been racing at Northport Raceway since 2005, beginning his career in the Fever Four division. In 2008, he made the move into the Modifieds class and immediately proved he belonged, capturing a championship in his very first year. That early success set the tone for a career defined by consistency, determination, and a calculated approach every time he takes to the track.

Since then, Schrader has continued to build an impressive legacy in the Modifieds division, earning additional championships in 2010, 2014, 2022, 2024, and most recently securing his sixth overall championship during the 2025 season. Known for his strategic racing style and calm presence behind the wheel, Cory is always searching for ways to improve, constantly fine-tuning his performance and pushing himself to be better year after year.

The 2025 season was especially meaningful, as Cory took on a more hands-on role than ever before. Throughout the year, he completed the car's maintenance and repairs himself, working side by side with the support of his wife. Their dedication and teamwork behind the scenes played a crucial role in keeping the car competitive week after week and were a key part of this championship run. Cory also thanks thanks sponsor, Stitch and Ink Studio.

Looking ahead, Schrader Nation Racing is excited to take on another season with a new car. While there will undoubtedly be a learning curve, Cory will head into the year with an open mind and the same disciplined, calculated approach that has defined his career. He will continue to evaluate each race carefully, making thoughtful adjustments to the car and refining his driving style as needed, always focused on improvement and long-term success.

Beyond the track, Cory Schrader is a devoted father, husband, son, brother, and a great friend to many. His dedication both on and off the racetrack is unmatched, and his commitment to family, friendships, and the racing community reflects the same passion, work ethic, and integrity that have defined his long-standing success at Northport Raceway.
